

TEST\_F

```
graph LR; A[TEST_F] --> B["dotnamecpp::assets::AssetManagerFactory::create"]
```

The diagram illustrates a function call. On the left, a gray rectangular box contains the text 'TEST\_F'. A blue arrow points from this box to a larger white rectangular box on the right. This white box contains the text 'dotnamecpp::assets::AssetManagerFactory::create'.

dotnamecpp::assets  
::AssetManagerFactory  
::create
