

dotnamecpp::utils::
UnixPlatformInfo::getExecutable
Directory

```
graph LR; A["dotnamecpp::utils::  
UnixPlatformInfo::getExecutable  
Directory"] --> B["dotnamecpp::utils::  
UnixPlatformInfo::getExecutablePath"]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains the text 'dotnamecpp::utils::', 'UnixPlatformInfo::getExecutable', and 'Directory' on three lines. The right box is solid gray and contains the text 'dotnamecpp::utils::' and 'UnixPlatformInfo::getExecutablePath' on two lines.
