

dotnamecpp::utils::
PathResolver::PathResolver

```
graph LR; A["dotnamecpp::utils::  
PathResolver::PathResolver"] --> B["dotnamecpp::utils::  
PathResolver::PathResolver"]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box has a gray background and contains the text 'dotnamecpp::utils::' followed by 'PathResolver::PathResolver' on the next line. The right box has a white background and contains the same text: 'dotnamecpp::utils::' followed by 'PathResolver::PathResolver' on the next line. The blue arrow indicates a transformation or mapping from the left state to the right state.
